NINE LUCKY ONES!

The President Hands Out Some Nice Offices—A Washington Hanging.

WASHINGTON, May 17.—The president to-day made the following appointments:

Charles Swayne, of Florida, to be United States district judge for the northern district of Florida.

Wm. D. Lee, of New Mexico, associate justice of the supreme court of the territory of New Mexico.

John W. Whitcher, of Nevada, attorney of the United States for the district of Nevada.

John C. Murphy, of Dakota, United States attorney for the territory of Dakota.

Richard L. Walker, of Kansas, United States marshal for the district of Kansas.

Jacob Yoes, of Arkansas, United States marshal for the western district of Arkansas.

James W. Savage, of Omaha, Neb., government director of the Union Pacific Railway company.

Amer Smith, jr., of Ohio, surveyor of customs, for the port of Cincinnati, Ohio.

David W. McClung, of Ohio, collector of internal revenue for the first district of Ohio.

Nelson Colbert, colored, who murdered Philip Wentzel, the superintendent of the Columbia street-car stables, in October last, was hanged at the district jail here at 12:45 p. m. to-day.

The inter state commerce commissioners to-day addressed a circular letter to officials of the different railroads throughout the country, intended to collect information and discussion upon the question of federal regulation of safety appliances on railroads.

MORE INDICTMENTS.

Mike Hargenreider, Geo. Merz and Wm. Vhets in the Soup.

The grand jury to-day indicted Mike Hargenreider for assaulting Joe Davis with murderous intent.

Geo. Merz, the fellow who did such promiscuous shooting the other day was similarly indicted, and Wm. Vhets, for stealing a halter from Andrew Surface, of Huntertown, is indicted for petit larceny.

The trial of John Barrett for murdering his wife is fixed for September 9.

The Weather.

WASHINGTON, May 17.—Indiana—Fair, followed by showers in northern portions, stationary temperature in southern portions, slightly cooler in northern portions, southerly winds, becoming variable.

Mayor Harding handed his proclamation to the police officers to-day and one of them was placed in every saloon in the city. All but two or three Calhoun street saloons closed at 11 o'clock last night, even in the face of the fact that a few police officers said they had no instructions to enforce the 11 o'clock law. These men forget that it is a law and their sworn duty to enforce it without a diagram from the mayor. Mr. Harding's great work will be accomplished easily as soon as he severs the close intimacy between saloon men and some police officers. He can afford to make a few shining examples in this line.

Mary Gable has sold to Wm. Haller, lots 1 and 2, Conger's sub-addition, for $2,900; James B. White to Anna M. Archer, lot 125, old plat, for $4,000; McCulloch to Henry Wehrenburg and Fred Buesching, lots 3, 4, 5 and 6, McCulloch's addition, for $1,500; Hugh B. Reed to Charlotte L. Benedict, lots 55 and 56, Colonel Reed's addition, for Rebecca B. Binkley to C. Maines, lot 36, Lillie's out lots, for $300.

Mike Hargenreider, a stone mason, and Joe Davis, the umbrella peddler, got into an altercation on West Main street, and Hargenrader pulled out a pocket-knife and cut Davis in the back, inflicting slight flesh wounds. Both men had been drinking and are equally worthless. Davis was out to-day, little worse for the carving he received, while Hargenreider lies in jail. The grand jury investigated the case to-day.

The Messrs. Centlivre say that they will close there brewery Sunday and may stop their street car line and boat business. The Berghoff's do not retail beer at their brewery, so that the Sunday law does not affect them. The prospects are now that the Sunday law will be rigidly observed.

Gray Southern, the little daughter of Mr. Robert Southern, of 13 Gay street, died yesterday of brain fever. The funeral occurred this afternoon.

Foundmaster Fred Woehneker filed his bond in the sum of a $1,000, this morning, with John G. Stoodel as his surety.

Mr. W. H. Taubman, from the general office of the Nickel Plate road, was in the city yesterday.

The following circular in reference to Mr. Ed. Hunsaker, formerly train dispatcher on the Nickel Plate road, will convey to his many friends the pleasant news of the higher honors that have been given him.

The Missouri Pacific railroad company, Office of Division Superintendent, Pueblo, Colo., May 6th, 1889. Circular:

TWAS ONLY A MATCH!

Match Was Lighted Near Three Barrels of Gasoline and a Deadly Explosion Followed.

CLEVELAND, Ohio, May 17.—Mary Zeman, wife of Frank Zeman, a tailor, went into the cellar about 7 o'clock this morning and struck a match. There were three barrels of gasoline in the apartment and a terrific explosion immediately followed.

The woman, enveloped in fire, ran shrieking into the street, where a man named Mikalesek succeeded, after she had been fatally burned, in extinguishing the flames. The man was badly burned, as were also two boys and a girl who were in the building.

THE "GENERAL."

A New Fort Wayne Enterprise, in Which a Number of Our Prominent Business Men are Interested.

A number of our active business men, headed by D. N. Foster, Charles McCulloch, John C. Peters and Perry A. Randall, have recently secured control of the Central Mutual Fire Insurance company, located at Hammond, near Chicago. The home office of the company is to be at once removed to this city, and will occupy elegant office rooms in the west store room of the new Aldine hotel, on East Berry street.

The main business of the company will be the insurance of manufacturing risks throughout the country on the mutual plan. A very large proportion of the manufacturers of the country are already in these mutual companies, and many believe that within the next five years this tendency will become almost universal.

The Central will be made one of the strongest companies in the country. It will have close business relations with the Union Mutual Insurance company, of Cincinnati, a company that has met with remarkable success. Ultimately it is intended to form one of a coterie of strong companies, which will act together to a large extent, thus greatly lessening the expenses of doing business and keeping up a periodical inspection of all risks, by which means, experience has shown, a large percentage of fires are prevented.

The company will have connected with it, as officers and directors, a number of gentlemen widely known throughout the country as successful manufacturers or business men. Mr. D. N. Foster, president of the D. N. Foster Furniture company, and also of the Fort Wayne Furniture company, has been chosen president of the Central, John C. Peters, president of the Indiana machine works and manager of the Horton Manufacturing company, vice-president; Charles McCulloch, president of the Hamilton National bank, treasurer. Perry A. Randall has been made a director, and his firm will act as the legal advisors of the board. In addition to these four the board of directors will have upon it Wm. J. Breed, president of the Crane & Breed Manufacturing company, of Cincinnati; H. P. Piper, secretary and treasurer of the G. Y. Root's company, Cincinnati; Hon. J. C. Richardson, president Haldeman Paper company, Cincinnati, and Ed. H. Williams, secretary of the Union Mutual Fire Insurance company, of Cincinnati.

Mr. Charles M. Edwards, of Cincinnati, has been elected secretary of the Central, and Mr. C. M. Slyter, of Kokomo, Ind., general agent. Both gentleman, will remove at once to Fort Wayne with their families.

Closing up Saloons.

The edict has gone forth. The proclamation has been issued which makes it an offense liable to imprisonment for a saloon keeper to dispense his drinks. The mayor's attitude seems to be very decided. The saloon question, however, does not interfere in any way with the rare bargains that are being regularly offered at the store of the Original Pete, 52½ Calhoun street. The equal to those nobby summer pantaloons can't be had for double the money at a talloring establishment. And Oh! what a line of summer goods there is to select from! Don't waste time but examine the stock at the Original Pete's.

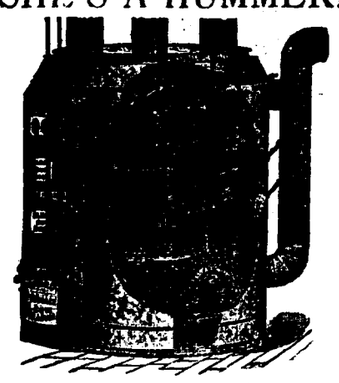
SHE'S A HUMMER!



The above cut represents the HOWARD FURNACE, which obtains by its construction, advantages over all others. It is the most Scientific, Practical and Simple heater yet produced. It has the largest radiating surface, wherein the heat is circulated around and contained in the furnace instead of passing directly into the chimney. This furnace does not burn over one ton of coal a month in the coldest weather and in some instances less. This furnace will also heat by means of hot water, thereby reaching distant rooms where hot air cannot. It is low down and can be set in the lowest cellar and still allow hot air pipes to be taken from the top instead of the side of the casting as in all other furnaces. JOHN PRESSLER, 71 East Columbia street.

This furnace consumes but one ton of coal per month in the coldest weather.

THE DAILY SENTINEL.

FRIDAY, MAY 9, 1890.

The labor strikers are in sympathy with President Harrison's appointments.

It is asserted that the postoffice controversy here will be settled in a week. It does not look possible.

The republicans of Ohio will hold their state convention at Columbus on the 25th and 26th of June.

The democrats have carried Montana and the new state is likely to take a permanent place in the democratic column.

The young emperor of Germany is laboring to compromise the mining troubles, with a fair prospect of success.

The death of Minister Rice is indeed fraught with much sorrow. The nation is robbed of one of its brightest citizens in the zenith of his days.

The Andrews election law does not go into effect until the first Monday in June, 1890. The next state election will be held under the provisions of the act.

The people of Fort Wayne will have natural gas just at their doors long before the next snow flies. It will be well, therefore, to postpone wood and coal contracts.

The new law making it the duty of road supervisors to protect the fish and game in the streams and woods by enforcing the observance of the same, makes that officer subject to a fine of $25 for failure to do so.

Carl Schurz, in speaking of the necessity of tariff reduction, said recently: "I predict almost with certainty, that unless an essential reduction of the tariff takes place during President Harrison's administration, a sweeping reaction will come at its end."

The wholesale removal of democratic railway postal clerks is being denounced on every hand. The recent dismissals are dated back to April 27, so as to avoid the civil service law. Such is the case in the removal of Mr. Thomas Mannix. He is notified of his dismissal on that date and yet his successor is not appointed. This utter disregard for the established rules is unbecoming an honest administration, but it seems to fit the present regime accurately.

The state board of education adjourned yesterday, after several days' work. The text book law was not brought up at this meeting, as nothing connected with it can be done further until the 28th inst., when bids from publishes will be opened. The board prepared examination questions for the next six months and passed upon the papers of candidates for life and eight-year professional licenses requiring an average standard of at least seventy-five per cent.

Of the Indiana wheat probabilities, according to State Agricultural Secretary Heron's information, the acreage of 2,710,000 acres will yield an average of about fourteen and one-half bushels per acre, or a total of 30,295,000 bushels. Last year there was an acreage of 2,774,000 and a total yield of 28,879,000. This estimate places the average yield in 1889 far ahead of that of 1888. Comparing the condition of growing wheat in various winter-wheat producing states, Indiana will probably rank above Ohio, Kentucky and Missouri, and below Michigan, Illinois and Kansas.

Thomas Quill, assessor of Center township, Marion county, has been detected in some very crooked transactions, by which money was drawn from the county treasury for labor not performed, and yesterday he was indicted by the grand jury. Mr. Quill returned the names of about ninety deputies to the board of county commissioners for pay at the rate of $2 per day. The orders were made out in the name of the deputies, and for several years past have been receipted for by Mr. Quill, who paid his deputies at the rate of $1.75 per day for each deputy. This year the commissioners changed the rule by requiring each deputy to draw his warrant and receipt for the same on the books of the auditor. This brought out the crookedness of Mr. Quill, for among the names of the deputies were a number who had never worked a day for the assessor, and have made affidavits to that effect. Mr. Quill is a remnant of the old republican gang of Indianapolis.

THE LITTLE TYCOON.

The Trials of the Author—No One to Take It.

Many people who have thought Willard Spenser's "Little Tycoon" opera was written in imitation of "The Mikado," will be interested in the following sketch: "The Little Tycoon" was written and copyrighted five years before it was produced, and it is claimed by the author, Willard Spenser, that Gilbert and Sullivan got the Japanese idea upon which the "Mikado" was founded from "The Tycoon." That Tired Feeling.

Afflicts nearly every one in the spring. The system having become accustomed to the bracing air of winter, is weakened by the warm days of the changing season, and readily yields to attacks of disease. Hood's Sarsaparilla is just the medicine needed. It tones and builds up every part of the body, and also expels all impurities from the blood. Try it this season.

Forced to Leave Home.

Over 60 people were forced to leave their homes yesterday to call for a free trial package of Lane's Family Medicine. If your blood is bad, your liver and kidneys out of order, if you are constipated and have headache and an unsightly complexion, don't fail to call on any druggist to-day for a free sample of this grand remedy. The ladies praise it. Everyone likes it. Large size package 50 cents.

Three days is a very short time in which to cure a bad case of rheumatism; but it can be done, if the proper treatment is adopted, as will be seen by the following from James Lambert, of New Brunswick, Ill.: "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

100 Ladies Wanted,

And 100 men to call on any druggist for a free trial package of Lane's Family Medicine, the great root and herb remedy, discovered by Dr. Silas Lane while in the Rocky Mountains. For diseases of the blood, liver and kidneys it is a positive cure. For constipation and clearing up the complexion it does wonders. Children like it. Everyone praises it. Large size package, 50 cents. At all druggists'.

Mr. George T. Williams, superintendent of the telegraph of the Nickel Plate road, called to see the boys here last evening.

"One of the greatest impositions heard of in many a day was practiced upon a prominent Brooklyn gentleman a few days ago. 'I have been an invalid for some time,' said he, 'and about the only relief I could get from intense pain was by the frequent use of Pond's Extract. I sent my little girl for a bottle of the Extract. She returned with a large and elaborate bottle with a glass stopper, holding fully a pint, containing a cheap imitation. I sent it back, stating that I ordered Pond's Extract. Back it came to me again with this note: 'This is the same as Pond's Extract only it is cheaper.' After sending a third time I succeeded in getting a bottle of Pond's Extract. Why can a man not buy what he asks for? I know from personal experience, and that of others, that the substituted article has small value as a remedy, and the substitution of it by unscrupulous dealers for Pond's Extract is an outrage and a fraud.'"

NINE LUCKY ONES!

The President Hands Out Some Nice Offices—A Washington Manging.

WASHINGTON, May 17.—The president to-day made the following appointments:

Charles Swayne, of Florida, to be United States district judge for the northern district of Florida.

Wm. D. Lee, of New Mexico, associate justice of the supreme court of the territory of New Mexico.

John W. Whitcher, of Nevada, attorney of the United States for the district of Nevada.

John C. Murphy, of Dakota, United States attorney for the territory of Dakota.

Richard L. Walker, of Kansas, United States marshal for the district of Kansas.

Jacob Yoes, of Arkansas, United States marshal for the western district of Arkansas.

James W. Savage, of Omaha, Neb., government director of the Union Pacific Railway company.

Amer Smith, jr., of Ohio, surveyor of customs, for the port of Cincinnati, Ohio.

David W. McClung, of Ohio, collector of internal revenue for the first district of Ohio.

Nelson Colbert, colored, who murdered Philip Wentzel, the superintendent of the Columbia street-car stables, in October last, was hanged at the district jail here at 12:45 p. m. to-day.

The inter state commerce commissioners to-day addressed a circular letter to officials of the different railroads throughout the country, intended to collect information and discussion upon the question of federal regulation of safety appliances on railroads.

MORE INDICTMENTS.

Mike Hargenreider, Geo. Merz and Wm. Vhets in the Soup.

The grand jury to-day indicted Mike Hargenreider for assaulting Joe Davis with murderous intent.

Geo. Merz, the fellow who did such promiscuous shooting the other day was similarly indicted, and Wm. Vhets, for stealing a halter from Andrew Surface, of Huntertown, is indicted for petit larceny.

The trial of John Barrett for murdering his wife is fixed for September 9.

The Weather.

WASHINGTON, May 17.—Indiana—Fair, followed by showers in northern portions, stationary temperature in southern portions, slightly cooler in northern portions, southerly winds, becoming variable.

Mayor Harding handed his proclamation to the police officers to-day and one of them was placed in every saloon in the city. All but two or three Calhoun street saloons closed at 11 o'clock last night, even in the face of the fact that a few police officers said they had no instructions to enforce the 11 o'clock law. These men forget that it is a law and their sworn duty to enforce it without a diagram from the mayor. Mr. Harding's great work will be accomplished easily as soon as he severs the close intimacy between saloon men and some police officers. He can afford to make a few shining examples in this line.

Mary Gable has sold to Wm. Halter, lots 1 and 2, Conger's sub-addition, for $2,900; James B. White to Anna M. Archer, lot 125, old plat, for $4,000; McCulloch to Henry Wehrenburg and Fred Buesching, lots 3, 4, 5 and 6, McCulloch's addition, for $1,500; Hugh B. Reed to Charlotte L. Benedict, lots 55 and 56, Colonel Reed's additinn, for Rebecca B. Blakley to C. Mahnes, lot 36, Lillie's out lots, for $300.

Mike Hargenreider, a stone mason, and Joe Davis, the umbrella peddler, got into an altercation on West Main street, and Hargenrader pulled out a pocket-knife and cut Davis in the back, inflicting slight flesh wounds. Both men had been drinking and are equally worthless. Davis was out to-day, little worse for the carving he received, while Hargenreider lies in jail. The grand jury investigated the case to-day.

The Messrs. Centlivre say that they will close there brewery Sunday and may stop their street car line and boat business. The Berghoff's do not retail beer at their brewery, so that the Sunday law does not affect them. The prospects are now that the Sunday law will be rigidly observed.

Gray Southern, the little daughter of Mr. Robert Southern, of 18 Gay street, died yesterday of brain fever. The funeral occurred this afternoon.

Postmaster Fred Woehneker filed his bond in the sum of a $1,000, this morning, with John G. Strodel as his surety.

Mr. W. H. Taubman, from the general office of the Nickel Plate road, was in the city yesterday.

TWAS ONLY A MATCH!

But it Was Lighted Near Three Barrels of Gasoline and a Deadly Explosion Followed.

CLEVELAND, Ohio, May 17.—Mary Zoman, wife of Frank Zoman, a tailor, went into the cellar about 7 o'clock this morning and struck a match. There were three barrels of gasoline in the apartment and a terrific explosion immediately followed.

The woman, enveloped in fire, ran shrieking into the street, where a man named Mikalesek succeeded, after she had been fatally burned, in extinguishing the flames. The man was badly burned, as were also two boys and a girl who were in the building.

THE "OPEN MAIL."

A New Fort Wayne Enterprise, in Which a Number of Our Prominent Business Men are Interested.

A number of our active business men, headed by D. N. Foster, Charles McCulloch, John C. Peters and Perry A. Randall, have recently secured control of the Central Mutual Fire Insurance company, located at Hammond, near Chicago. The home office of the company is to be at once removed to this city, and will occupy elegant office rooms in the west store room of the new Aldine hotel, on East Berry street.

The main business of the company will be the insurance of manufacturing risks throughout the country on the mutual plan. A very large proportion of the manufacturers of the country are already in these mutual companies, and many believe that within the next five years this tendency will become almost universal.

The Central will be made one of the strongest companies in the country. It will have close business relations with the Union Mutual Insurance company, of Cincinnati, a company that has met with remarkable success. Ultimately it is intended to form one of a coterie of strong companies, which will act together to a large extent, thus greatly lessening the expenses of doing business and keeping up a periodical inspection of all risks, by which means, experience has shown, a large percentage of fires are prevented.

The company will have connected with it, as officers and directors, a number of gentlemen widely known throughout the country as successful manufacturers or business men. Mr. D. N. Foster, president of the D. N. Foster Furniture company, and also of the Fort Wayne Furniture company, has been chosen president of the Central, John C. Peters, president of the Indiana machine works and manager of the Horton Manufacturing company, vice-president; Charles McCulloch, president of the Hamilton National bank, treasurer. Perry A. Randall has been made a director, and his firm will act as the legal advisors of the board. In addition to these four the board of directors will have upon it Wm. J. Bread, president of the Crane & Breed Manufacturing company, of Cincinnati; H. P. Piper, secretary and treasurer of the G. Y. Root's company, Cincinnati; Hon. J. C. Richardson, president Haldeman Paper company, Cincinnati, and Ed. H. Williams, secretary of the Union Mutual Fire Insurance company, of Cincinnati.

Mr. Charles M. Edwards, of Cincinnati, has been elected secretary of the Central, and Mr. C. M. Slyter, of Kokomo, Ind., general agent. Both gentleman, will remove at once to Fort Wayne with their families.

Closing up Saloons.

The edict has gone forth. The proclamation has been issued which makes it an offense liable to imprisonment for a saloon keeper to dispense his drinks. The mayor's attitude seems to be very decided. The saloon question, however, does not interfere in any way with the rare bargains that are being regularly offered at the store of the Original Pete, 52½ Calhoun street. The equal to those nobby summer pantaloons can't be had for double the money at a tailoring establishment. And Oh! what a line of summer goods there is to select from! SHE'S A HUMMER!

The above cut represents the HOWARD FURNACE which obtains by its construction, advantages over all others. It is the most Scientific, Practical and Simple heater yet produced. It has the largest radiating surface, wherein the heat is circulated around and contained in the furnace instead of passing directly into the chimney. This furnace does not burn over one ton of coal a month in the coldest weather and in some instances less. This furnace will also heat by means of hot water. Thereby reaching distant rooms where hot air cannot. It is low down and can be set in the lowest cellar and still allow hot air pipes to be taken from the top instead of the side of the casting as in all other furnaces.
JOHN PRESSLER,
71 East Columbia street.

This furnace consumes but one ton of coal per month in the coldest weather.

E. A. E. HACKETT, Editor and Proprietor.

FRIDAY, MAY 17, 1889.

THE labor strikes are as numerous as President Harrison's appointments.

IT is asserted that the postoffice controversy here will be settled in a week. It does not look possible.

THE republicans of Ohio will hold their state convention at Columbus on the 25th and 26th of June.

THE democrats have carried Montana and the new state is likely to take a permanent place in the democratic column.

THE young emperor of Germany is laboring to compromise the mining troubles, with a fair prospect of success.

THE death of Minister Rice is indeed fraught with much sorrow. The nation is robbed of one of its brightest citizens in the zenith of his days.

THE Andrews election law does not go into effect until the first Monday in June, 1890. The next state election will be held under the provisions of the act.

THE people of Fort Wayne will have natural gas just at their doors long before the next snow dies. It will be well, therefore, to postpone wood and coal contracts.

THE new law making it the duty of road supervisors to protect the fish and game in the streams and woods by enforcing the observance of the same, makes that officer subject to a fine of $25 for failure to do so.

CARL SCHURZ, in speaking of the necessity of tariff reduction, said recently: "I predict almost with certainty, that unless an unsolicited reduction of the tariff takes place during President Harrison's administration, a sweeping reaction will come at its end."

THE wholesale removal of democratic railway postal clerks is being denounced on every hand. The recent dismissals are dated back to April 27, so as to avoid the civil service law. Such is the case in the removal of Mr. Thomas Mannix. He is notified of his dismissal on that date and yet his successor is not appointed. This utter disregard for the established rules is unbecoming an honest administration, but it seems to fit the present regime accurately.

THE state board of education adjourned yesterday, after several days' work. The text book law was not brought up at this meeting, as nothing connected with it can be done further until the 28th inst., when bids from publishers will be opened. The board prepared examination questions for the next six months and passed upon the papers of candidates for life and eight-year professional licenses requiring an average standard of at least seventy-five per cent.

OF the Indiana wheat probabilities, according to State Agricultural Secretary Heron's information, the acreage of 2,710,000 acres will yield an average of about fourteen and one-half bushels per acre, or a total of 30,295,000 bushels. Last year there was an acreage of 2,774,000 and a total yield of 28,879,000. This estimate places the average yield in 1889 far ahead of that of 1888. Comparing the condition of growing wheat in various winter-wheat producing states, Indiana will probably rank above Ohio, Kentucky and Missouri, and below Michigan, Illinois and Kansas.

THOMAS QUILL, assessor of Center township, Marion county, has been detected in some very crooked transactions, by which money was drawn from the county treasury for labor not performed, and yesterday he was indicted by the grand jury. Mr. Quill returned the names of about ninety deputies to the board of county commissioners for pay at the rate of $2 per day. The orders were made out in the name of the deputies, and for several years past have been receipted for by Mr. Quill, who paid his deputies at the rate of $1.75 per day for each deputy. This year the commissioners changed the rule by requiring each deputy to draw his warrant and receipt for the same on the books of the auditor. This brought out the crookedness of Mr. Quill, for among the names of the deputies were a number who had never worked a day for the assessor, and have made affidavits to that effect. Mr. Quill is a remnant of the old republican gang of Indianapolis.

THE LITTLE TYCOON.

The Trials of the Author—No One to Take It.

Many people who have thought Willard Spenser's "Little Tycoon" opera was written in imitation of "The Mikado," will be interested in the following sketch: "The Little Tycoon" was written and copyrighted five years before it was produced, and it is claimed by the author, Willard Spenser, that Gilbert and Sullivan got the Japanese idea upon which the "Mikado" was founded from "The Tycoon." Like all American authors, Mr. Spenser encountered many obstacles and experienced a great deal of trouble in having his opera produced. It was first submitted to Gilbert and Sullivan's agent, Col. Morse, who took the score and libretto to England. It remained in his keeping for seven months, when it was returned with a letter stating that it was impossible to secure an English production for it. In the meantime the "Mikado" was produced and scored a success. Author Spenser openly accused the English authors of stealing the idea from "The Tycoon," which they never denied. He at once set about to secure an American production for the opera and took it to Miles & Barton, of New York. They deliberated several weeks, but owing to the continued success of Dixey at the Bijou Theater, Mr. Spenser was obliged to go elsewhere. Mr. John Duff was the next manager to whom it was offered. He kept the manuscript several weeks and returned it without looking at it. Emma Abbott praised it very highly and offered to buy it outright, to which Spenser objected. Col. McCaull next examined the opera. When he heard how it came to be written he commended that portion of it in which the Japanese features are introduced. The eminent Dr. Damrosch before his death read it carefully and said that it possessed orchestral qualities of a high character, which are entirely exceptional in American productions, a majority of which may sound well on a piano, but are not equal to the larger requirements. Frederick Archer, the well known organist and musical critic, expressed surprise at Spenser's clever reproduction of Japanese music, and wondered more when told that the author had never been outside of this country. Archer had a trunkful of Japanese music, which he thought was the only collection of the sort in America and he was therefore entitled to give an intelligent opinion in the matter. A friend suggested to Spenser to take his opera to Wm. Singerly, the Philadelphia newspaper man who was the owner of the Temple Theater. The music was played on the piano in the parlors of the Continental Hotel, and on the advice of Mrs. Singerly, the journalist was induced to put the opera on the stage of his theater.

That Tired Feeling.

Affects nearly every one in the spring. The system having become accustomed to the bracing air of winter, is weakened by the warm days of the changing season, and readily yields to attacks of disease. Hood's Sarsaparilla is just the medicine needed. It tones and builds up every part of the body, and also expels all impurities from the blood. Try it this season.

Forced to Leave Home.

Over 60 people were forced to leave their homes yesterday to call for a free trial package of Lane's Family Medicine. If your blood is bad, your liver and kidneys out of order, if you are constipated and have headache and an unsightly complexion, don't fail to call on any druggist to-day for a free sample of this grand remedy. The ladies praise it. Everyone likes it. Large size package 50 cents.

Three days is a very short time in which to cure a bad case of rheumatism; but it can be done, if the proper treatment is adopted, as will be seen by the following from James Lambert, of New Brunswick, Ill.: "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. It cured me in three days, I am all right to-day; and would insist on every one who is afflicted with that terrible disease, to use Chamberlain's Pain Balm and get well at once. For sale by George H. Advice to Mothers.—MRS. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Home City for 1889—Excursion Season.

An elegant new station house, capable of protecting fifteen hundred people from sun or rain. The island has been improved, sleeping rooms overhauled, buildings painted, new restaurants and dance hall erected. All the old buildings have been painted, and with two dance halls, enlarged restaurant, with twenty-five new clinker boats added to the already large fleet there, makes Rome City the most attractive, cleanest and best resort for picnics or excursion parties in Indiana.

The lake is large; nicely wooded banks surround it, clean gravel or sand shores; no black muck or wild grass to prevent the landing of row boats at almost any point desired; while those desiring to view the beautiful waters, without partaking of the pleasure of boat-riding, can do so seated upon the lake's beautiful banks, nicely shaded, thus avoiding the hot rays of the burning sun.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

THIRD POINT

You should read the Chicago Daily News because it is *an independent newspaper.* There are two sides to every political question, and The Daily News gives them both with equal fairness. A party organ magnifies one side and dwarfs the other. No sensible man wants to be fed with milk in this fashion. The time has gone by when American citizens expect to inherit their political opinions. They want to make their own—and to think they want a paper to tell them that, too, regardless of their own personal preferences. If you are an honest man, independent and unfettered in thought, read an honest and independent newspaper—read The Chicago Daily News.

Remember—Its circulation is 200,000 a day—over a million a week—and it costs by mail 25 cts. a month, four months $1.00—*one cent a day.*

100 Ladies Wanted.

And 100 men to call on any druggist for a free trial package of Lane's Family Medicine, the great root and herb remedy, discovered by Dr. Silas Lane while in the Rocky Mountains. For diseases of the blood, liver and kidneys it is a positive cure. For constipation and clearing up the complexion it does wonders. Children like it. Everyone praises it. Large size package, 50 cents. At all druggists'.

Mr. George T. Williams, superintendent of the telegraph of the Nickel Plate road, called to see the boys here last evening.

"One of the greatest impositions heard of in many a day was practiced upon a prominent Brooklyn gentleman a few daysago. 'I have been an invalid for some time,' said he, 'and about the only relief I could get from intense pain was by the frequent use of Pond's Extract. I sent my little girl for a bottle of the Extract. She returned with a large and elaborate bottle with a glass stopper, holding fully a pint, containing a cheap imitation. I sent it back, stating that I ordered Pond's Extract. Back it came to me again with this note: 'This is the same as Pond's Extract only it is cheaper.' After sending a third time I succeeded in getting a bottle of Pond's Extract. Why can a man not buy what he asks for? I know from personal experience, and that of others, that the substituted article has small value as a remedy, and the substitution of it by unscrupulous dealers for Pond's Extract is an outrage and a fraud.'"
